The Executive Engineer, South Kanara Division has now submitted proposals for the continuance of the staff mentioned above till 28-2-1957 - Vide Executive Engineer's letter No. 1375 SB dated 25-7-1956 (copy enclosed). The Superintending Engineer, West Coast Circle recommended the Executive Engineer's proposals. I submit that as matters stand at present, in regard to reorganisation of States which is to take effect from 1-11-1956 the schemes mentioned above have to go to Karnataka State Government respectively. The probable date of completion of the schemes are as given below. Construction of an anicut across Shiriya river at Bombrana - July 1957. It may thus be seen that the continuance of the staff will be necessary. Unless there are any constitutional objections, I recommend that continunnce for the staff may be sanctioned till 28-2-1957. I am, in the interest of continuous working of the Sub Divisions, authorising the Superintending Engineer to continue the staff beyond the dates of expiry of sanctions noted above. I request that my action may kindly be ratified.

1 Construction of an anicut across Gurupur river - December 57.

The Expenditure on the Special Staff is debitable to 68 A. construction of irrigation etc. works - non-commercial - A. Irrigation - Unproductive works under the Special Minor Irrigation Programme (including Tank Improvement Schemes).
